There are two types of this kind of tactic. The first is to quote, for example, research done by doctors on the latest medical development. It is difficult for people to disagree because they don't have the background knowledge and the current information available to these experts.

LITTLE RED RIDING HOOD

Once upon a time there was a dear little girl who was towed by evergone who lookled at her, but most of all by he grandmother, and there was nothing that she would not have given to the child. Once she gove her a little riding hood of red velvel, which suited her so well that she would never were anything else; so she was always called "Little Red Riding Hood."
